

I_tis

TaZ

Flexible. Aesthetically-cohesive. Timeless.

I_tis

A harmonious furniture forms and elements that is at one with its surroundings

I_tis is elegantly designed for flexible layouts, versatile and provides a complete cohesive table product that allows user to maintain design consistency throughout the office space. I_tis can be configured into executive desking, meeting or conference table, discussion, and flip/nest table. Designed with minimum components for easy installation, disassembly and ever ready for recycling.

Desking

Distinctive design for functionality and adaptability to work smarter.

I_tis desking elegant design-fabricated with dual element base - steel column tube (available in epoxy powder coat) and diecast aluminium foot in high polish finish. I_tis offers three different foot sizes to support tables from 600mm depth to 900mm deep and 1200mm width to 2400mm width. The leg stance can be configure into 90° or 120° position providing a flexible table solution. I_tis desking enables you to concentrate and study work best performed without interruption.

Large conference or meeting tables can be elegantly configured with I_tis. The elegant base, made of polished aluminium (contains 49.9% recycled content and is 99.9% recyclable) combined with premium quality table tops with wide range of selected material in warmth of wood or solid colour creates a timeless look.

Flip/Nest

A flip/nest table for today's workplace, with the ability to "flip and go".

Flip & go functionality

I_tis, with its unique diecast folding mechanism allows one to quickly set up or rearrange multiple room configurations with the same table. The single-handed operation, enable one to safely set up or store tables quickly with audible locking indication. I_tis is engineered and supported with an optional central beam which allows attachment such accessories as table spacer, modesty panel, cable tray and it also gives added strength to the table width more than 1500mm.

Easy Operation

Single-hand operation mechanism locks in both storage and use position.

Mobility with standard twin wheel
Ø75mm casters

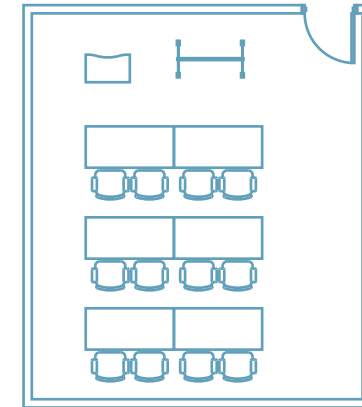

Simple, single-hand control
releases heavy-duty mechanism

High density nesting capability

Versatility

Adaptable, sustainable, ready to work smarter

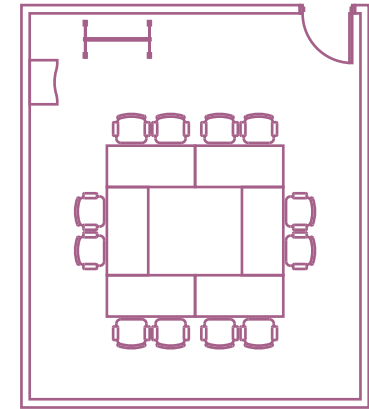

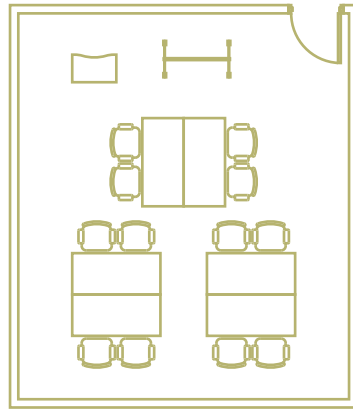

9.00am
